

Dear Students,

As we look forward to a new grade and a fresh start, here is a gentle reminder that we only have one planet and we must use our resources wisely. Our small efforts go a long way in supporting a Healthy Planet.

The list below outlines the textbooks and stationery to be used in the new grade. We, at Healthy Planet understand that trees take many years to grow and are cut to make paper and books. With the challenge of rising pollution and temperature levels, we are committed to saving as many trees as we can. Before buying new books/notebooks, kindly check if you have notebooks remaining from the previous session. Even if they are half-filled, you can first use the unused pages, before starting a new notebook. This will save many trees. Let's make it cool to use 'pre-loved' books and notebooks.

Also, just like last year, we will also be collecting your used books through our **#IPledge** campaign to be re-used by fellow students. All books will be sanitised before being given to any new student. Feel free to visit the school to donate your used books and collect previously owned books of your new grade as well. In case you still need to buy new books/notebooks, you may make your purchase from any store of your choice. We look forward to welcoming you back to school and restarting our journey towards developing your love for learning.

Regards,

Susan Holmes
 Head Teacher
